CryptoContractors Club is a collection of 10,000 digital artworks (NFTs), with utility living on the Ethereum blockchain. The Crypto Contractor serves as access to our Business Credit Accelerator Program; a 6-week course designed to help Contractors and Water Restoration Technicians properly structure their business and get approved for 6-7 figures in business credit, capital, and cash-flow.

This Website is only an interface allowing participants to purchase digital collectibles. Users are entirely responsible for the safety and management of their own private wallets and validating all transactions and contracts generated by this Website before approval. Furthermore, as the CryptoContractors Club smart contract runs on the Ethereum network, there is no ability to undo, reverse, or restore any transactions.

CryptoContractors may also be published on NFT marketplaces that permit the purchase and sale NFTs, provided that the marketplace cryptographically verifies each owner's rights to display the NFT to ensure that only the actual owner can display the Art.

For a more detailed description of the utility of the NFT, as well as it's roadmap, please consult our website for further details.

### **3) INITIAL SALE**

Accessing the Website during the Initial Sale will provide you with the ability to purchase the right to Mint one or more NFTs. Please note that, once deployed, we have no control over the Smart Contract, nor over the Gas Fees you would incur in when submitting your request to Mint the NFT/s to the network.

Payment for the right to Mint is made in ETH (being the cryptographic currency on the Ethereum Network). Therefore, please be aware that transactions in cryptographic currency may be irreversible and that, accordingly, and funds paid to an incorrect recipient may not be recoverable.

### **4) TRANSFER OF RIGHTS AND LICENSE**

The CryptoContractors Club collection is built on the Ethereum blockchain. When you purchase an NFT, we transfer you the ownership of the underlying NFT completely. Ownership of the NFT is mediated entirely by the Smart Contract and the Ethereum Network: at no point may we seize, freeze, or otherwise modify the ownership of any NFTs.

Subject to your continued compliance with these Terms, we grant you a worldwide, royalty-free license to use, copy, and display the purchased art, along with any extensions that you choose to create or use, solely for the following purposes: (i) for your own personal, non-commercial use; (ii) as part of a marketplace that permits the purchase and sale of your NFT, provided that the marketplace cryptographically verifies each NFT owner's rights to display the art for their NFT

to ensure that only the actual owner can display the art; or (iii) as part of a third party website or application that permits the inclusion, involvement, or participation of your NFT, provided that the website/application cryptographically verifies each NFT owner's rights to display the art for their NFT to ensure that only the actual owner can display the art, and provided that the Art is no longer visible once the owner of the NFT leaves the website/application.

Unless otherwise specified, your purchase of a CryptoContractor does not give you the right to publicly display, perform, distribute, sell or otherwise reproduce the CryptoContractor or its content for any commercial purpose. You further agree that you are not receiving any copyright interest in the CryptoContractor or its content, and indeed, you agree that Company may sell, license, modify, display, broadcast and create derivative works based upon your CryptoContractor or its content. Any commercial exploitation of the CryptoContractor could subject you to claims of copyright infringement.

## **5) COMPANY'S INTELLECTUAL PROPERTY**

Other than the rights to the particular NFT, nothing herein gives you any rights to any other trademarks or other intellectual property rights belonging to CryptoContractors Club, including, without limitation to, CryptoContractors Club and the associated logos ("Company IP"). All of these rights are expressly reserved in the name of CryptoContractors Club. You agree that the Company owns all rights, title and interest in and to the Company IP and that You will not use the Company IP for any unlawful or infringing purpose. ## **7) FEES AND PAYMENT**

### **Purchasing with Crypto**

If you elect to purchase an NFT through the site, any financial transactions that you engage in will be conducted solely through the Ethereum network. We will have no insight into or control over these payments or transactions, nor do we have the ability to reverse any transactions. We will have no liability to you or to any third party for any claims or damages that may arise as a result of any transactions that you engage or any other transactions that you conduct via the Ethereum network.

Ethereum requires the payment of a transaction fee (a “Gas Fee”) for every transaction that occurs on the Ethereum network. The Gas Fee funds the network of computers that run the decentralized Ethereum network. This means that you will need to pay a Gas Fee for each transaction.

### **Purchasing with Fiat**

We’ve partnered with Crossmint to allow NFT purchases with Fiat currency. If you choose this option to purchase an NFT, Crossmint will (i) purchase such NFT and take custody of such NFT, and (ii) settle the Transaction with you by charging or debiting your chosen payment method and delivering to your Crossmint Wallet the NFT you have purchased from Crossmint. Once Crossmint completes the purchase of the NFT, Crossmint settles the transaction via payment in cryptocurrency or fiat currency, as applicable.

Crossmint will facilitate the transfer of any NFT you purchase using the Service to your Wallet as soon as funds have settled to Crossmint, or earlier in Crossmint’s sole discretion.
